

# Friends of the Melton Botanic Garden Inc.

## Growing Plants Growing People

The Friends are developing the Melton Botanic Garden. The Friends are volunteers with a passion for the Melton Botanic Garden. You can share in this passion by becoming a member. You do not have to become actively involved but your membership helps build the garden by increasing our numbers which assists in grant applications and attracting funding. Become a friend and help build the garden. You may wish to also join one of our groups and participate in our events. You can meet friends with similar interests and enjoy creating the Melton Botanic Garden.

Planting the Southern African Garden April 2015
