

Friends of the Melton Botanic Garden

Guided Walking Tour

Sun 9 February 2025

During the National Sustainability Festival enjoy a guided walking tour through the northern section of the Melton Botanic Garden to see plants that tolerate a dry climate and low water requirements. The gentle tour is about 90 minutes. See sustainability principles and re-purposing in practice. The tour commences at the Depot with refreshments served at the end of the tour. Garden highlights are the natural features, the Dryland Eucalyptus Arboretum, WA and SA garden beds, Bushfoods Garden, Sensory Garden, Southern African, Mediterranean Garden, Californian, Central and South American Garden, and the indigenous plantings along Ryans Creek and beside the lake.

WHEN: Sunday 9 February 2025 - **Please book your place at this free event**

TIME: 10.00am – 12.30pm. Tour will finish around 11.30am.

WHERE: Meet at the Depot and Plant Nursery, 21 Williams St, Melton, 3338
